MUSTACHES AT THE HOFFMAN.

Waiters Beginning to Taste the Fruits of Victory.

A Striker's Tale of Ill-Treatment at O'Neill's Denied.

The waiters of the metropolis are beginning to taste the fruits of victory. The Morton House gave the waiters a raise of \$1 a month this morning.

The Hoffman House has granted the waiters the privilege of wearing mustaches. It is the first hotel that has made this concession to the waiters, and the other hotels will soon follow the example.

32 WALL BOYS IN COURT.

Seven Charged with Housebreaking. Three with Being Drunk.

Twenty-Two Others Fined \$1 Each for Playing Ball on the Street.

Thirty-two small boys were prisoners before Justice Elms in the Harlem Police Court this morning.

Seven of the boys were caught by Phil Duffy, proprietor of Duffy's Hotel, at the entrance to the Fordham College grounds, whom they have been annoying for two months. Duffy says that his cellar was broken into and mineral waters stolen.

He discovered ten of them in his cellar yesterday helping themselves freely to the mineral waters. He slammed the doors on them and went for the police, but when he returned there were only seven boys there. The other three had escaped.

The detectives marched the seven boys up to the Tremont police station, where they were held and the Children's Society was notified.

In court this morning they said they were Joseph Kuch, aged fourteen; William McNeil, aged twelve; David Mulla, aged thirteen; of Belmont; Fred Lewis, aged eleven; of Belmont; Hugh Connel, aged fourteen; of Washington avenue and One Hundred and Twenty-third street; and one Hundred and Twenty-fourth street.

They were all charged with being drunk and with housebreaking. They were all fined \$1 each for playing ball on the street.

WORK SONGS IN CHICAGO.

Yet Every Train Brings Women and Girls Seeking Employment.

Mrs. Stone Appeals to 'The Evening World' to Stop Them.

An officer of the New York Exchange for Women's Work, who has just returned from Chicago, brings this request from Mrs. Leander Stone, President of the Young Women's Christian Association:

"The influence of the New York 'Evening World' is world-wide, and if you can get it to make a statement in its columns warning women and girls against coming to Chicago with the expectation of getting employment, a great deal of misery, expense and perhaps accident will be averted.

Our Association has stationed agents in every railroad depot and at every steam landing in the city to meet the trains and boats and direct unprotected women and children to places of safety.

Although the women of the world are made obligatory by the enormous crowds that arrive daily, friendless, unprotected and often helpless.

The funds of the Association are taxed to the utmost to provide shelter for these women. We don't pretend to get them out of the city. It is as a matter of fact, to do so.

For an employer who comes to us we have fifty applicants for work. These do not include domestic, who are even more numerous, but clerks, professional women and gentlemen who are in need of employment.

The saddest feature of this influx is the number of the women who are in need of employment. It is a matter of fact, to do so.

When they realize the tremendous mistake they have made, they become discouraged and sick. As an evidence of this, I have seen many of them in the city of Chicago, who are in need of employment.

They have been in the city of Chicago, who are in need of employment. They have been in the city of Chicago, who are in need of employment.

They have been in the city of Chicago, who are in need of employment. They have been in the city of Chicago, who are in need of employment.

SULLEN THREATS BY CHINESE.

And Talk of Battle-Ships Besieging the Golden Gate.

Collector Quinn's Fears—'No Bloodshed,' Says Vice-Consul Owyang.

SAN FRANCISCO, May 6.—Collector of Internal Revenue John C. Quinn, in an interview in regard to the Chinese registration law, says:

"The Chinese are getting very sullen about this law. They have refused to register and seem to think no actual steps can be taken to remove them. In fact, they laugh at the idea of the law going into effect. They seem to think that the Chinese Government will never permit its people to be removed from the United States.

"The Chinese have stated to me that if the United States insists on their departure a fleet of Chinese battle ships may be expected at the Golden Gate at any moment. This indicates that among the lower class of coolies there exists a determination to resist the law, and that they expect their Government to go to war if necessary to keep them in this country. If violence is not opposed to the officers when they are called upon to perform their duty if the law is declared constitutional, I shall be much surprised."

Inquiry in Chinatown shows that there exists among the Chinese a most sullen disposition, which has been inflamed by circulars issued by the Six Companies. Every circular issued has contained advice to the Chinese to resist the law.

Yesterday another circular was issued, calling upon the Chinese to stand firm on the ground that they have taken, and to prepare for a vigorous defense. At the office of the Six Companies it was stated that this simply meant that the Chinese were not to become panic-stricken and register on the last day allowed by law, and that they were all to contribute their quota to the fund for employing lawyers to fight the law.

The Chinese placed a different construction upon the circular. Wherever the Chinese were gathered, they were seen to be talking of violence. They were all talking of violence. They were all talking of violence.
